ADDAI YEBOAH ABRAHAM

COMPUTER SCIENCE GRADUATE | SOFTWARE & DIGITAL SOLUTIONS

0248484786 • addaiabraham76@gmail.com • Kumasi, Ghana

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in software development, field operations, data collection and team leadership. Skilled in Python, Dart, Flutter, Firebase and web/mobile application development, with practical experience building software solutions for real-world use. Interested in applying technology, data and digital systems to practical business and operational challenges.

TECHNICAL SKILLS

Programming	Python, Dart, JavaScript
Application Development	Flutter, HTML, CSS
Backend & Tools	Firebase, Git, collaborative development tools
Other Strengths	Field data collection, team leadership, training, communication, collaboration

SELECTED PROJECTS

UENR Flora — AI Plant Identification System

Final-year Computer Science project. Developed a web-based plant identification application using Flutter, with image-based plant classification and a backend/data layer. The system also provides plant information and audio read-aloud functionality.

CampusPrint — Student Printing Platform

Developed a concept/application focused on connecting students with printing shops, helping make the process of requesting and accessing printing services more convenient.

AYATERRA — Land Mapping Application

Developing a land-mapping application focused on digital mapping and location-based land information, demonstrating practical interest in GIS and technology-enabled land management.

PROFESSIONAL EXPERIENCE

Software Engineer | *citiFoods – Sweden (Remote)* | *2023 – 2024*

- Developed and maintained scalable web and mobile applications using modern frameworks.
- Collaborated with cross-functional teams to design, implement and deploy new features.

Intern | *Amalitech – Kumasi, Ghana* | *2025*

- Assisted in developing cross-platform mobile applications using Flutter.
- Collaborated with senior developers on UI/UX implementation and feature integration.
- Participated in code reviews and agile development processes.
- Gained hands-on experience with Git and collaborative development tools.

Senior Field Trainer | *Ecom Ghana – Akrokerti, Obuasi District* | *2020 – 2024*

- Coordinated training sessions to improve field staff performance.
- Led a team of junior trainers and ensured timely task execution.
- Implemented technology-assisted data collection processes.
- Maintained consistent communication with district coordinators and management.

EDUCATION

Bachelor of Science in Computer Science — First Class
University of Energy and Natural Resources (UENR)

CERTIFICATION

AWS Certified Cloud Practitioner — Amazon Web Services (AWS), May 2026
